- XI. Concessional GST is applicable for all the items purchased for Research labs vide Ministry of Finance, notification no. 45/22017 dated 14.11.2017 and 47/2017 dated 14.11.2017.
- XII. Bidder/s quoting in currency other than Indian Rupee (INR) should explicitly mention the currency in which tender quoted wherever applicable in Technical Bid along the tender documents.
- XIII. The online Price BOQ is in INR format. If bidder want to quote other than INR please specify the quoted currency in the technical bid/part and fill the amount in same BOQ.
- XIV. Please bifurcate the price on shipping terms i, e, Ex-works -> FCA/FOB -> CIP/CIF in price BOQ and specify the same in technical bid without price.
- XV. THE INSTITUTE IS EXEMPTED FROM EXCISE AND CUSTOM DUTY under notification no- TU/V/RG-CDE (119 4)/2018 DT.07/09/2018.

TERMS AND CONDITIONS

Important Conditions of the tender to be abide by the tenderer

- 1. **Due date**: The tender has to be submitted before the due date. The offers received after the due date and time will not be considered.
- 2. **Preparation Bids**: The offer/bid should be submitted in two bid systems (i.e.) Technical bid and financial bid. The technical bid should consist of all technical details along with commercial terms and conditions. Financial bid should indicate item wise price for the items mentioned in the technical bid.
- 3. **Opening of the tender**: The offer/bid will be opened by a committee duly constituted for this purpose. The technical bid will be opened first and it will be examined by a technical committee which will decide the suitability as per our specification and requirement. The financial offer/bid will be opened only for the offer/bid which technically meets all our requirements as per the specification.
- 4. **Acceptance/Rejection of bids:** The Committee reserves the right to reject any or all offers without assigning any reason.

5. **Pre-qualification criteria:**

- (i) Bidders should be the manufacturer / authorized dealer. Letter of Authorization from original equipment manufacturer (OEM) on the same and specific to the tender should be enclosed.
- (ii) An undertaking from the OEM is required stating that they would facilitate the bidder on a regular basis with technology/product updates and extend support for the warranty as well.
- (iii) OEM should be internationally reputed Branded Company.
- (iv) Non-compliance of tender terms, non-submission of required documents, lack of clarity of the specifications, contradiction between bidder specification and supporting documents etc. may lead to rejection of the bid.
- 6. **Tender Fee**: Tender fee is to be obtained from the bidders except those who are registered with the Central Purchase Organisation, National Small Industries Corporation (NSIC) or the concerned Ministry or Department. The tenderer should submit Tender Fee/EMD amount as per tender ref. no. through NEFT/RTGS in INST Account. Account Details are as follows:
 - a. Name of Beneficiary: Institute of Nano Science and Technology (INST)
 - **b.** Account No. **2452201001102**
 - c. Name of Bank: Canara Bank, Sector 34, Chandigarh
 - d. IFS Code: CNRB0002452
 - e. MICR Code:160015003
 - f. Swift Code: CNRBINBBFFC

The details of transaction for Tender Fee viz. Name of bidder firm, Tender Description,

Transaction ID/No. of Transfer, Transaction date, Amount of Transaction, Name of Bank, Address of Bank shall be furnished by the tenderer on their letterhead separately along with their tender.

7. **REASOINSTLITY OF PRICES:**

Please quote best minimum prices applicable for a premier Research Institution, <u>leaving no scope for any further negotiations on prices</u>. The quoting party should give a certificate to the effect that the quoted prices are the

minimum and they have <u>not quoted</u> the same item on lesser rates than those being offered to INST to any other customer nor they will do so till the validity of offer or execution of the purchase order, whichever is later. We request you to fill the price reasonability certificate format in the enclosed file (Annexure "1")

The party must give details of identical or similar equipment, if any, supplied to any CSIR labs/DBT/DST Institutes during last three years along with the final price paid and Performance certificate from them.

- 8. **Performance Security**: The supplier shall require to submit the performance security in the form of irrevocable bank guarantee issued by any Indian Nationalized Bank for an amount which is equal to the 3% of Purchase Order value within 15 days after the final installation cum acceptance of the equipment at INST and Performance Security should be valid for a period of 60 days beyond the date of completion of warranty period of the equipment.
- 9. **Force Majeure:** The Supplier shall not be liable for forfeiture of its performance security, liquidated damages or termination for default, if and to the extent that, it's delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.
 - i) For purposes of this Clause, "Force Majeure" means an event beyond the control of the Supplier and not involving the Supplier's fault or negligence and not foreseeable. Such events may include, but are not limited to, acts of the Purchaser either in its sovereign or contractual capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.
 - ii) If a Force Majeure situation arises, the Supplier shall promptly notify the Purchaser in writing of such conditions and the cause thereof. Unless otherwise directed by the Purchaser in writing, the Supplier shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.
- 10. **Risk Purchase Clause**: In event of failure of supply of the item/equipment within the stipulated delivery schedule, the purchaser has all the right to purchase the item/equipment from the other source on the total risk of the supplier under risk purchase clause.

11. **Integrity Pact**

- a. As per the directives of the Central Vigilance Commission all government departments / organisations / institutes have to adopt an Integrity Pact (IP) to ensure transparency, equity and competitiveness in
 - major public procurement activities. The integrity pact envisages an agreement between the prospective bidders/vendors with the buyer committing the persons/officials of both the parties with the aim not to exercise any corrupt influence on any aspect of the contract. Only those bidders/vendors who are willing to enter in to such an integrity pact with the purchaser would be competent to participate in the bidding.
- b. Integrity Pact also envisages Panel of Independent External Monitors (IEMs) which shall be provided/recommended by INST/its labs and institutes with the approval of by CVC.

- c. The integrity pact would be effective from the date of invitation of bids till complete execution of the contract.
- d. The model format of integrity pact (IP) is at Annexure 3.
- 12. **Packing Instructions**: Each package will be marked on three sides with proper paint/indelible ink, the following:
 - i. Item Nomenclature
 - ii. Order/Contract No.
 - iii. Country of Origin of goods
 - iv. Supplier's Name and Address
 - v. Consignee details
 - vi. Packing list reference number

13. **Delivery and Documents:**

Delivery of the goods should be made within a maximum of 12 weeks from the date of placement of purchase order and the opening of LC. Within 24 hours of shipment, the supplier shall notify the purchaser and the insurance company by cable/telex/fax/e mail the full details of the shipment including contract number, railway receipt number/ AAP etc. and date, description of goods, quantity, name of the consignee, invoice etc. The supplier shall mail the following documents to the purchaser with a copy to the insurance company:

- i. 4 Copies of the Supplier invoice showing contract number, goods' description, quantity unit price, total amount;
- ii. Acknowledgment of receipt of goods from the consignee(s) by the transporter;
- iii. Insurance Certificate if applicable;
- iv. Manufacturer's/Supplier's warranty certificate;
- v. Inspection Certificate issued by the nominated inspection agency, if any, and the Supplier's factory inspection report; and
- vi. Certificate of Origin.
- vii. Two copies of the packing list identifying the contents of each package.
- viii. The above documents should be received by the Purchaser before arrival of the Goods (except where the Goods have been delivered directly to the Consignee with all documents) and, if not received, the Supplier will be responsible for any consequent expenses.
- 14. **Delayed delivery:** If the delivery is not made within the due date for any reason, the institute will have the right to impose penalty 0.5% per week and the maximum deduction is 10% of the contract value / price.
- 15. **Prices**: The price should be quoted in net per unit (after breakup) and must include all packing and delivery charges. The offer/bid should be exclusive of taxes and duties, which will be paid by the purchaser as applicable. However the percentage of taxes & duties shall be clearly indicated. The price should be quoted without custom duty and excise duty, since INST is exempted from payment of Excise Duty and is eligible for concessional rate of custom duty. Necessary certificate will be issued on demand. In case of import supply the price should be quoted on FOB Basis. Also please indicate CIF charges separately upto New Delhi indicating the mode of shipment. INST will make necessary arrangements for

the clearance of imported goods at the Airport/Seaport. Hence the price should not include the above charges.

- 16. **Notices:** For the purpose of all notices, the following shall be the address of the Purchaser and Supplier.
 - i. *Purchaser:* The Director,

Institute of Nano Science and Technology, Knowledge City, Sector – 81, Mohali – 140306.

ii. <i>Supplier:</i>	(To be filled in by the supplier)

- 17. **Progress of Supply**: Wherever applicable, supplier shall regularly intimate progress of supply, in writing, to the Purchaser as under:
 - i. Quantity offered for inspection and date;
 - ii. Quantity accepted/rejected by inspecting agency and date;
 - iii. Quantity dispatched/delivered to consignees and date;
 - iv. Quantity where incidental services have been satisfactorily completed with date;
 - v. Quantity where rectification/repair/replacement effected/completed on receipt of any communication from consignee/Purchaser with date;
 - vi. Date of completion of entire Contract including incidental services, if any; and
 - vii. Date of receipt of entire payments under the Contract (In case of stage-wise inspection, details required may also be specified).
- 18. **Inspection and Tests:** Inspection and tests prior to shipment of Goods and at final acceptance are as follows:
 - After the goods are manufactured and assembled, inspection and testing of the goods shall be carried out at the supplier's plant by the supplier, prior to shipment to check whether the goods are in conformity with the technical specifications attached to the purchase order. Manufacturer's test certificate with data sheet shall be issued to this effect and submitted along with the delivery documents. The purchaser shall be present at the supplier's premises during such inspection and testing if need is felt. The location where the inspection is required to be

conducted should be clearly indicated. The supplier shall inform the purchaser about the site preparation, if any, needed for installation of the goods at the purchaser's site at the time of submission of order acceptance.

• The acceptance test will be conducted by the Purchaser, their consultant or other such person nominated by the Purchaser at its option after the equipment is installed at purchaser's site in the presence of supplier's

- representatives. The acceptance will involve trouble free operation and ascertaining conformity with the ordered specifications and quality. There shall not be any additional charges for carrying out acceptance test. No malfunction, partial or complete failure of any part of the equipment is expected to occur. The Supplier shall maintain necessary log in respect of the result of the test to establish to the entire satisfaction of the Purchaser, the successful completion of the test specified.
- In the event of the ordered item failing to pass the acceptance test, a period not exceeding one weeks will be given to rectify the defects and clear the acceptance test, failing which the Purchaser reserve the right to get the equipment replaced by the Supplier at no extra cost to the Purchaser.
- Successful conduct and conclusion of the acceptance test for the installed goods and equipments shall also be the responsibility and at the cost of the Supplier.
- 19. **Resolution of Disputes**: The dispute resolution mechanism to be applied pursuant shall be as follows:
 - i. In case of Dispute or difference arising between the Purchaser and a domestic supplier relating to any matter arising out of or connected with this agreement, such disputes or difference shall be
 - settled in accordance with the Indian Arbitration & Conciliation Act, 1996, the rules there under and any statutory modifications or re-enactments thereof shall apply to the arbitration proceedings. The dispute shall be referred to the Executive Director, Institute of Nano Science and Technology (INST) Mohali and if he is unable or unwilling to act, to the sole arbitration of some other person appointed by him willing to act as such Arbitrator. The award of the arbitrator so appointed shall be final, conclusive and binding on all parties to this order.
 - ii. In the case of a dispute between the purchaser and a Foreign Supplier, the dispute shall be settled by arbitration in accordance with provision of sub-clause (a) above. But if this is not acceptable to the
 - iii. supplier then the dispute shall be settled in accordance with provisions of UNCITRAL (United Nations Commission on International Trade Law) Arbitration Rules.
 - iv. The venue of the arbitration shall be the place from where the order is issued.
- 20. **Applicable Law:** The place of jurisdiction would be Mohali (Punjab) INDIA.

24. Right to Use Defective Goods

If after delivery, acceptance and installation and within the guarantee and warranty period, the operation or use of the goods proves to be unsatisfactory, the Purchaser shall have the right to continue to operate or

use such goods until rectifications of defects, errors or omissions by repair or by partial or complete replacement is made without interfering with the Purchaser's operation.

25. Supplier Integrity

The Supplier is responsible for and obliged to conduct all contracted activities in accordance with the Contract using state of the art methods and economic principles and exercising all means available to achieve the performance specified in the contract.

26. Training

The Supplier is required to train the designated Purchaser's technical and end user personnel to enable them to effectively operate the total equipment.

27. Installation & Demonstration

The supplier is required to done the installation and demonstration of the equipment within one month of the arrival of materials at the INST site of installation, otherwise the penalty clause will be the same as per the supply of materials.

28. **Insurance:** For delivery of goods at the purchaser's premises, the insurance shall be obtained by the Supplier in an amount equal to 110% of the value of the goods from "warehouse to warehouse" (final destinations) on "All Risks" basis including War Risks and Strikes. The insurance shall be valid for a period

of not less than 3 months after installation and commissioning. In case of orders placed on FOB/FCA basis, the purchaser shall arrange Insurance.

- 29. **Incidental services:** The incidental services also include:
 - Furnishing of 01 set of detailed operations & maintenance manual.
 - Arranging the shifting/moving of the item to their location of final installation within INST premises at the cost of Supplier through their Indian representatives.
- 30. Warranty: 1. Warranty period shall be at least three years from date of installation of Goods at the INST site of installation. The Supplier shall, in addition, comply with the performance and/or consumption guarantees specified under the contract. If for reasons attributable to the Supplier, these guarantees are not attained in whole or in part, the Supplier shall at its discretion make such changes, modifications, and/or additions to the Goods or any part thereof as may be necessary in order to attain the contractual guarantees specified in the Contract at its own cost and expense and to carry out further performance tests. The warranty should be comprehensive on site.

Note: <u>If the OEM warranty is for 12 Months</u>, additional extended warranty of 24 months should be quoted separately with or without price.

2. The Purchaser shall promptly notify the Supplier in writing of any claims arising under this warranty. Upon receipt of such notice, the Supplier shall immediately within in 02 days arrange to repair or replace the defective goods or parts thereof free of cost at the ultimate destination. The Supplier shall take over the

replaced parts/goods at the time of their replacement. No claim whatsoever shall lie on the Purchaser for the replaced parts/goods thereafter. The period for correction of defects in the warranty period is 02 days.

- 3. If the supplier having been notified fails to remedy the defects within 02 days, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expenses and without prejudice to any other rights, which the purchaser may have against the supplier under the contract.
- 31 **AMC:** Annual Maintenance Contract (AMC) up to next five years after warranty period is over, should be quoted separately.
 - 32 **Delivery Schedule**: The tenderer should indicate clearly the time required for delivery of the item. In case there is any deviation in the delivery schedule, liquidated damages clause will be enforced or penalty for the delayed supply period will be levied.

32. Governing Language

The contract shall be written in English language. English language version of the Contract shall govern its interpretation. All correspondence and other documents pertaining to the Contract, which are exchanged by the parties, shall be written in the same language.

33. Applicable Law

The Contract shall be interpreted in accordance with the laws of the Union of India and all disputes shall be subject to place of jurisdiction.

34. Notices

\square Any notice given by one party to the other pursuant to this contract/order shall be sent to the other party in
writing or by cable, telex, FAX or e mail and confirmed in writing to the other party's address. A notice shall
be effective when delivered or on the notice's effective date, whichever is later.

35. Taxes and Duties

Suppliers shall be entirely responsible for all taxes, duties, license fees, octroi, road permits, etc., incurred until delivery of the contracted Goods to the Purchaser. However, VAT in respect of the transaction between the Purchaser and the Supplier shall be payable extra, if so stipulated in the order.

36. **Agency Commission**: Agency commission if any will be paid to the Indian agent in Rupees on receipt of the equipment and after satisfactory installation. Agency Commission will not be paid in foreign currency under any circumstances. The details should be explicitly shown in Tender even in case of Nil commission. The tenderer should indicate the percentage of agency commission to be paid to the Indian agent.

37. **Payment**:

- Payment will be made through irrevocable Letter of Credit (LC). Letter of Credit (LC) will be established in the favour of foreign Supplier after the submission of performance security. The letter of credit (LC) will be established on the exchange rates as applicable on the date of establishment.
 - i. For Imports, LC will be opened for 100% FOB/CIF value. 80% of the LC amount shall be released on presentation of complete and clear shipping documents and 20% of the LC amount shall be released after the installation and demonstration of the equipment at the INST site of installation in faultless working condition for period of 60 days from the date of the satisfactory installation and subject to the production of unconditional performance bank guarantee as specified in Clause 9 of tender terms and conditions.
- ii. Indian Agency commission (IAC), if any shall be paid after satisfactory installation & commissioning of the goods at the destination at the exchange rate prevailing on the date of negotiation of LC documents, subject to DGS&D registration for restricted items.
- iii. All the bank charges within India will be borne by the Institute and outside India will be borne by the Supplier.
- For Indigenous supplies, 80% payment shall be made by the Purchaser after delivery and balance 20% after successful installation, commissioning and acceptance of the equipment at INST in good condition and to the entire satisfaction of the Purchaser and on production of unconditional performance bank guarantee as specified in Clause 11 of tender terms and conditions.
- 38. **User list:** Brochure detailing technical specifications and performance, list of industrial and educational establishments where the items enquired have been supplied must be provided.

39. Manuals and Drawings

- Before the goods and equipments are taken over by the Purchaser, the Supplier shall supply operation and maintenance manuals. These shall be in such details as will enable the Purchaser to operate, maintain, adjust and repair all parts of the works as stated in the specifications.
- The Manuals shall be in the ruling language (English) in such form and numbers as stated in the contract.
- Unless and otherwise agreed, the goods equipment shall not be considered to be completed for the purposes of taking over until such manuals and drawing have been supplied to the Purchaser.

- 40. **Application Specialist**: The Tenderer should mention in the *Techno-Commercial bid* the availability and *names* of *Application Specialist* and *Service Engineers* in the nearest regional office.
- 41. **Terms of Delivery**: The item should be supplied to our destination in case of local supply. In case of import supply, the item should be shipped upto New Delhi Airport. The Installation/Commissioning should be completed as specified.
- 42. **Site Preparation**: The supplier shall inform to the Institute about the site preparation, if any, needed for the installation of equipment, immediately after the receipt of the purchase order. The supplier must provide complete details regarding space and all the other infrastructural requirements needed for the equipment, which the Institute should arrange before the arrival of the equipment to ensure its timely installation and smooth operation thereafter.

The supplier shall visit the Institute and see the site where the equipment is to be installed and may offer his advice and render assistance to the Institute in the preparation of the site and other preinstallation requirements.

- 43. **Installation**: The equipment or machinery has to be installed or commissioned by the successful bidder within 30 days from the date of receipt of the item at INST. In case of any mishappening/damage to equipment and supplies during the carriage of supplies from the origin of equipment to the installation site, the supplier has to replace it with new equipment/supplies immediately at his own risk. Supplier will settle his claim with the insurance company as per his convenience. INST will not be liable to any type of losses in any form.
- 44. **Spare Parts:** The Supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the Supplier:
 - i. Such spare parts as the Purchaser may elect to purchase from the Supplier, providing that this election shall not relieve the Supplier of any warranty obligations under the Contract; and
 - ii. In the event of termination of production of the spare parts:
 - iii. Advance notification to the Purchaser of the pending termination, in sufficient time to permit the Purchaser to procure needed requirements; and
 - iv. Following such termination, furnishing at no cost to the Purchaser, the blueprints, drawings and specifications of the spare parts, if requested.

Supplier shall carry sufficient inventories to assure ex-stock supply of consumable spares for the Goods, such as gaskets, plugs, washers, belts etc. Other spare parts and components shall be supplied as promptly as possible but in any case within six months of placement of order.

45. **Defective Equipment**: If any of the equipment supplied by the Tenderer is found to be substandard, refurbished, unmerchantable or not in accordance with the description/specification or otherwise faulty, the committee will have the right to reject the equipment or its part. The prices of such equipment shall be refunded by the Tenderer with 18% interest if such payments for such equipment have already been made. All damaged or unapproved goods shall be returned at suppliers cost and risk and the incidental expenses incurred thereon shall be recovered from the supplier. Defective part in equipment, if found before installation and/or during warranty period, shall be replaced within 45 days on receipt of the intimation from this office at the cost and risk of supplier including all other charges.

46. Termination for Default

The Purchaser may, without prejudice to any other remedy for breach of contract, by written notice of default sent to the Supplier, terminate the Contract in whole or part:

- i. If the Supplier fails to deliver any or all of the Goods within the period(s) specified in the order, or within any extension thereof granted by the Purchaser; or
- ii. If the Supplier fails to perform any other obligation(s) under the Contract.
- iii. If the Supplier, in the judgment of the Purchaser has engaged in corrupt or fraudulent practices in competing for or in executing the Contract.

 For the purpose of this Clause:
- i. "Corrupt practice" means the offering, giving, receiving or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution. ii. "Fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the Borrower, and includes collusive practice among Bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the Borrower of the benefits of free and open competition;"

In the event the Purchaser terminates the Contract in whole or in part, the Purchaser may procure, upon such
terms and in such manner, as it deems appropriate, Goods or Services similar to those undelivered, and the
Supplier shall be liable to the Purchaser for any excess costs for such similar Goods or Services. However,
the Supplier shall continue the performance of the Contract to the extent not terminated.

- 47. **Downtime:** During the warranty period not more than 5% downtime will be permissible. For every day exceeding permissible downtime, penalty of 1/365 of the 5% FOB value will be imposed. Downtime will be counted from the date and time of the filing of complaint with in the business hours.
- 48. **Training of Personnel:** The supplier shall be required to undertake to provide the technical training to the personnel involved in the use of the equipment at the Institute premises, immediately after completing the installation of the equipment for a minimum period of one week at the supplier's cost.
- 49. **Disputes and Jurisdiction**: Any legal disputes arising out of any breach of contract pertaining to this tender shall be settled in the court of competent jurisdiction located within Mohali.
- 50. **Compliancy certificate**: This certificate must be provided indicating conformity to the technical specifications.
- 51. **Acknowledgement**: It is hereby acknowledged that we have gone through all the conditions mentioned above and we agree to abide by them.

Compliance statement for the tender specifications

Tender Ref No.: <u>INST/12(60)/2021-Pur</u>

S.No.	Check list of documents/Undertakings	Yes/No	Remarks (give explanation if the answer is No)
1.	Is EMD details attached? (if applicable) / Bid security as per annexure attached.		
2.	Is the bidder original equipment manufacturer (OEM)/authorised dealer?		
3.	If authorised dealer, recent dated certificate to this effect from OEM, attached or not?		
4.	Undertaking from OEM regarding technical support & extended warranty period		
5.	Validity of 180 days or not?		
6.	Price Reasonability Certificate enclosed as per format??		
7.	Undertaking from bidder regarding acceptance of tender terms & conditions		
8.	Whether list of reputed users (along with telephone numbers of contact persons) for the past three years specific to the instrument attached?		
9.	Does the instrument comply with all the specifications detailed? Attach a separate sheet showing compliance with the specifications and explanations thereto if the equipment varies from the requested specifications.		
10.	Whether free Installation, Commissioning and Application Training offered?		
11.	Whether comprehensive onsite warranty offered?		
12.	Whether Annual maintenance after expiry of comprehensive onsite warranty quoted separately?		

Annexure - 1

PRICE REASOINSTLITY CERTIFICATE (to be submitted in financial bid envelope)

This is to certify that we have offered the maximum possi	ble discount to you in our Quotation No.
We would like to certify that the quoted price are the minimu on lesser rates than those being offered to INST to any other of offer or execution of purchase order, whichever is later.	•
	Seal and Signature of the tenderer

Annexure 2

Local Content Certificate (To be submitted in Technical bid envelop)

This is to certify that the %age of Local content for the quoted tendered item is				
Seal and signature of the tenderer				

Note:

1. As per revised Public Procurement order 2017 D.O. No. P – 45021/2/2017-PP(BE-II) dated June 4, 2020 Local content means Amount of value added in India which shall be total value of the item procured (excluding net domestic indirect taxes) minus the value of imported content in the item(including all customs duties)as a proportion of the total value, in percent.

Annexure-3 BID SECURITY DECLARATION

To The Director, INST Mohali

We, the undersigned, declare that:

We understand that, according to your conditions, bids must be supported by a Bid-Securing Declaration.

We accept that we will automatically be suspended from being eligible for bidding in any contract with the Bank for the period of time of **3 years**, if we are in breach of our obligation(s) under the bid conditions, because we:

- (a) have withdrawn our Bid during the period of bid validity specified in the Letter of Bid; or
- (b) having been notified of the acceptance of our Bid by the Bank during the period of bid validity,
- (i) fail or refuse to execute the Contract, if required, or (ii) fail or refuse to furnish the Performance Security, in accordance with tender terms and condition.

We understand this Bid-Securing Declaration shall expire if we are not the successful Bidder, upon the earlier of (i) our receipt of your notification to us of the name of the successful Bidder; or (ii) twenty-eight days after the expiration of our Bid.

For: Name of Company

Authorised Signatory

[Note: In case of a Joint Venture, the Bid-Securing Declaration must be in the name of all partners to the Joint Venture that submits the bid.]

Format of the Integrity Pact INTEGRITY PACT

	Between
Institu	ute of Nano Science and Technology (INST) hereinafter referred to as "The Principal".
And .	herein referred to as "The Bidder / Contractor."
Prear	mble
for	Principal intends to award, under laid down organizational procedures, contract/sThe Principal values full compliance with all relevant laws of the
iana,	rules, regulations, economic use of resources and of fairness/ transparency in its relations with

In order to achieve these goals, the Principal will appoint an Independent External Monitor (IEM), who will monitor the tender process and the execution of the contract for compliance with the principles mentioned above.

Section 1 – Commitments of the Principal

its Bidder(s) and/or Contractor(s).

- (1) The Principal commits itself to take all measures necessary to prevent corruption and to observe the following principles:
- (a) No employee of the Principal, personally or through family members, will in connection with the tender for, or the execution of a contract, demand, take a promise for or accept, for self or third person, any material or immaterial benefit which the person is not legally entitled to.
- (b) The Principal will, during the tender process treat all Bidder(s) with equity and reason. The Principal will in particular, before and during the tender process, provide to all Bidder(s) the same information and will not provide to any Bidder(s) confidential/additional information through which the Bidder(s) could obtain an advantage in relation to the tender process or the contract execution.
- (c) The Principal will exclude from the process all known prejudiced persons.
- (2) If the Principal obtains information on the conduct of any of its employees which is a criminal offence under the IPC/PC Act, or if there be a substantive suspicion in this regard, the Principal will inform the Chief Vigilance Officer and in addition can initiate disciplinary action.

Section 2 – Commitments of the Bidder(s)/Contractor(s)

The Bidder(s)/Contractor(s) commit himself to take all measures necessary to prevent corruption. He commits himself to observe the following principles during his participation in the tender process and during the contract execution.

The Bidder(s)/Contractor(s) will not, directly or through any other Person or firm, offer, promise (a) or give to any of the Principal's employees involved in the tender process or the execution of the contract or to any third person any material or other benefit which he/she is not legally entitled to, in

order to obtain in exchange any advantage of any kind whatsoever during the tender process or during the execution of the contract.

- (b) The Bidder(s)/Contractor(s) will not enter with other Bidders into any undisclosed agreement or understanding, whether formal or informal. This applies in particular to prices, specifications, Certifications, subsidiary contracts, submission or non-submission of bids or any other actions to restrict competitiveness or to introduce cartelization in the bidding process.
- (c) The Bidder(s)/Contractor(s) will not commit any offence under the relevant IPC/PC Act; further the Bidder(s)/Contractor(s) will not use improperly, for purposes of competition or personal gain, or pass on to others, any information or document provided by the Principal as part of the business relationship, regarding plans, technical proposals and business details, including information contained or transmitted electronically. The Bidder(s)/Contractor(s) of foreign origin shall disclose the name and address of the Agents/representatives in India, if any.

 Similarly the

Bidder(s)//Contractors(s) of Indian Nationality shall furnish the name and address of the foreign principals, if any. Further details as mentioned in the "Guidelines on Indian Agents of Foreign Suppliers" shall be disclosed by the Bidder(s)/Contractor(s).

Further, as mentioned in the Guidelines all the payments made to the Indian agent/representative have to be in Indian Rupees only. Copy of the "Guidelines on Indian Agents of Foreign Suppliers" is annexed and marked as Annexure.

- (e) The Bidder(s)/Contractor(s) will, when presenting his bid, disclose any and all payments he has made, is committed to or intends to make to agents, brokers or any other intermediaries in connection with the award of the contract.
- (2) The Bidder(s)/Contractor(s) will not instigate third persons to commit offences outlined above or be an accessory to such offences.

Section 3 – Disqualification from tender process and exclusion from future Contracts If the Bidder(s)/Contractor(s), before award or during execution has committed a transgression through a violation of Section 2, above or in any other form such as to put his reliability or credibility in question, the Principal is entitled to disqualify the Bidder(s)/Contractor(s) from the tender process or take action as per the procedure mentioned in the "Guidelines on Banning of business dealings". Copy of the "Guidelines on Banning of business dealings" is annexed and marked as Annex -"B".

Section 4 - Compensation for Damages

- (1) If the Principal has disqualified the Bidder(s) from the tender process prior to the award according to Section 3, the Principal is entitled to demand and recover the damages equivalent to Earnest Money Deposit/ Bid Security.
- (2) If the Principal has terminated the contract according to Section 3, or if the Principal is entitled to terminate the contract according to Section 3, the Principal shall be entitled to demand and recover from the Contractor liquidated damages of the contract value or the amount equivalent to Performance Bank Guarantee.

Section 5 – Previous transgression

- (1) The Bidder declares that no previous transgressions occurred in the last 3 (three) years with any other Company in any country conforming to the anti-corruption approach or with any other Public Sector Enterprise in India that could justify his exclusion from the tender process.
- (2) If the Bidder makes incorrect statement on this subject, he can be disqualified from the tender process or action can be taken as per the procedure mentioned in "Guidelines on Banning of business dealings".

Section 6 - Equal treatment of all Bidders/Contractors/Sub-contractors

- (1) The Bidder(s)/Contractor(s) undertake(s) to demand from all Subcontractors a commitment in conformity with this Integrity Pact, and to submit it to the Principal before contract signing.
- (2) The Principal will enter into agreements with identical conditions as this one with all Bidders, Contractors and Subcontractors.
- (3) The Principal will disqualify from the tender process all bidders who do not sign this Pact or violate its provisions.
- **Section 7 Criminal charges against violating Bidders/Contractors/Sub contra--ctors** (1) The Principal appoints competent and credible Independent External Monitor for this Pact. The task of the Monitor is to review independently and objectively, whether and to what extent the parties comply with the obligations under this agreement.
- (2) The Monitor is not subject to instructions by the representatives of the parties and performs his functions neutrally and independently. He reports to the THE DIRECTOR, INST. The Bidder(s)/Contractor(s) accepts that the Monitor has the right to access without restriction to all Project documentation of the Principal including that provided by the Contractor. The Contractor will also grant the Monitor, upon his request and demonstration of a valid interest, unrestricted and unconditional access to his project documentation. The same is applicable to Subcontractors. The Monitor is under contractual obligation to treat the information and documents of the Bidder(s)/Contractor(s)/Subcontractor(s) with confidentiality.
- (4) The principal will provide to the Monitor sufficient information about all meetings among the parties related to the Project provided such meetings could have an impact on the contractual relations between the Principal and the Contractor. The parties offer to the Monitor the option to participate in such meetings.
- (5) As soon as the Monitor notice, or believes to notice, a violation of this agreement, he will so inform the Management of the Principal and request the Management to discontinue or take corrective action, or to take other relevant action. The monitor can in this regard submit nonbinding recommendations. Beyond this, the Monitor has no right to demand from the parties that they act in a specific manner, refrain from action or tolerate action.
- (6) The Monitor will submit a written report to the THE DIRECTOR, INST within 30 days from the date of reference or intimation to him by the Principal and should the occasion arise, submit proposals for correcting problematic situations.

- (7) Monitor shall be entitled to compensation on the same terms as being extended to/provided to Director, INST.
- (8) If the Monitor has reported to the THE DIRECTOR, INST, a substantiated suspicion of an offence under relevant IPC/PC Act, and the THE DIRECTOR, INST has not, within the reasonable time taken visible action to proceed against such offence or reported it to the Chief Vigilance Officer, the Monitor may also transmit this information directly to the Central Vigilance Commissioner.
- (9) The word 'Monitor' would include both singular and plural.

Section 9 – Pact Duration

This Pact begins when both parties have legally singed it. It expires for the Contractor 10 months after the last payment under the contract, and for all other Bidders 6 months after the contract has been awarded.

If any claim is made/lodged during this time, the same shall be binding and continue to be valid despite the lapse of this pact as specified above, unless it is discharged/determined by THE DIRECTOR, INST.

Section 10 – Other provisions

- (1) This agreement is subject to Indian Law. Place of performance and Jurisdiction is the Registered Office of the Principal, i.e. Mohali, Punjab.
- (2) Changes and supplements as well as termination notices need to be made in writing. Side agreements have not been made.
- (3) If the Contractor is a partnership or a consortium, this agreement must be signed by all partners or consortium members.
- (4) Should one or several provisions of this agreement turn out to be invalid, the remainder of this agreement remains valid. In this case, the parties will strive to come to an agreement to their original intentions.

$\frac{Specification\ for\ SQUID\ based\ cryogen\ free\ magnetic\ property\ measurement}{system}$

SQUID Based cryogen free magnetic measurement system equipment

<u>General Overview:</u> Institute of Nano Science and Technology invites tender bids for a fully automated and computer controlled SQUID based cryogen-free magnetic properties measuring system that is operational in the temperature range ≥ 1.8 K to ≤ 400 K and magnetic fields up to ± 7 Tesla. System should also offer different measurement Modes including DC Scan Mode, VSM Mode and AC Susceptibility Mode suitable for a large variety of samples for multi user requirements.

The instrument should be completely cryogen-free and proven one for the specified measurement options in the Indian subcontinent conditions, for the measurements of bulk, thin-film, single crystal and nano-particle based organic, inorganic samples.

Technical Specification and Performa:

A. Basic System & Cryogenic specifications:

Specification	Mark Yes/No along with exact values in cases where numerical compliance are claimed. Any other details may be provided	provide the corresponding page number of the manufacturer catalogue/brochur e	Mandatory Supporting information to be provided (Mark Yes/No where asked)
System must accomplish the initial cool-down directly from He gas (without any cryogen) within 60 hours (maximum). (If deemed necessary demonstration may be asked during technical evaluation)			Vendor must provide supporting data along with log data files with the offer. Provided: Yes/No
The liquid helium reservoir (collecting liquid helium from condensation of gas) should not exceed 20 liters.			
Cooldown should be totally automated without the need of any kind of manual intervention without any need of the external vacuum pump etc. to complete the process.			
The total power load of the system should not be more than 50 kVA			
System should be connected to two He gas cylinders simultaneously, such that an automatic switch-over to the second gas cylinder happens			

when the first is empty, sure that the system can be run without needing a change of the cylinders over a longer time.		
System should display the status of the Helium gas Cylinder		
Helium liquefaction rate of the system should be ≥ 8 liters /day		

B. Magnet Control Specifications:

1	Specification Magnetic field in the	Mark Yes/No along with exact values in cases where numerical compliance are claimed. Any other details may be provided	provide the corresponding page number of the manufacturer catalogue/brochure	Mandatory Supporting information to be provided (Mark Yes/No where asked)
1	range of ± 7 T or Higher			
2	Magnetic Field uniformity: ±0.01% over at least ± 2 cm.			
3	Remanent magnetic field of ≤ 5 Oe should be achievable after decreasing magnetic field down to zero from maximum magnetic field of 7T.			Supporting data along with log data files must be provided. Provided: Yes/No
4	Maximum magnetic field ramp rate must be ≥ 500 Oe /s Demonstration may be asked during technical evaluation			Supporting data along with log data files must be provided. Provided: Yes/No
5	Magnetic field resolution must be ≤ 0.5 Oe.			Supporting data along with log data files must be provided. Provided: Yes/No

C. Temperature Control Specifications:

	Specification	Mark Yes/No along with exact values in cases where numerical compliance are claimed. Any other details may be provided	Provide the correspondin g page number of the manufacturer catalogue/bro chure	Mandatory Supporting information to be provided (Mark Yes/No where asked)
1	Temperature range for all the measurements must be from ≥ 1.8K to ≤ 400 K such that the full temperature range must be available in one single measurement sequence without need of any change or addition of hardware option that will lead to breaking of sample environment . (Demonstration may be asked during technical evaluation.)			Supporting data along with log data files must be provided. Provided: Yes/No
2	Temperature control should be fully automatic across the full temperature range that should allow (a) smooth temperature variation over the whole range of 1.8 K to 400 K, for both the temperature ramp direction of heating and cooling (b) temperature to be continuously held at any temperature within the full range for 24 hours (Demonstration may be asked during technical evaluation.)			Supporting data along with log data files must be provided. Provided: Yes/No
3	Rate of temperature change must be ≥ 10 K/min both for heating and cooling cycle in a single measurement sequence without need of any manual intervention (Demonstration may be asked during technical evaluation.)			Data of thermal Cycling (time vs temperature format) for at least 5cycles.i.e. 400K-1.8K and back to 400K and 1.8K must be provided as supporting data along with log data files. Provided: Yes/No

4	System temperature stability must be ±0.5 % or better at 1.8 K for minimum 48 hours. (Demonstration may be asked during technical evaluation.)	Vendor must provide the temperature stability data @ 1.8 K for minimum 48 hours along with supporting logfiles Provided: Yes/No.
5	Multiple thermometers should be available in the base system to ensure temperature accuracy.	
6	System should not use any manual techniques like needle valve adjustments to achieve low temperature.	

D. DC Measurement Mode:

	Specification	Mark Yes/No along with exact values in cases where numerical compliance are claimed. Any other details may be provided	Provide the corresponding page number of the manufacturer catalogue/broch ure	Mandatory Supporting information to be provided (Mark Yes/No where asked)
1	Should be capable of DC measurement within the temperature range from 1.8 K to 400 K in one single measurement sequence. (Demonstration may be asked during technical evaluation.)			Vendor must provide supporting data with log data files.
2	Sensitivity of \leq 5 X 10 ⁻⁸ emu for magnetic field \leq 2000 Oe. Full field sensitivity should be 6 X 10 ⁻⁷ emu or better in DC Mode.			Supporting data along with log data files must be provided. Provided: Yes/No
3	In case of high resolution MH loop of ± 7 T (500 data points or more), the measurement should not take more than 5 Hours with an rms noise of 1 x10-6 emu at highest field			Supporting data along with log data files must be provided.
	(Demonstration may be asked during technical evaluation.)			Provided: Yes/No

4	Range of measurement : 1 x10 ⁻⁷ emu to 2		
	emu		

E. Fast Measurement Mode or VSM Mode:

Specification	Mark Yes/No along with exact values in cases where numerical compliance are claimed. Any other details may be provided	Provide the correspondi ng page number of the manufactur er catalogue/b rochure	Mandatory Supporting information to be provided (Mark Yes/No where asked)
sensitivity must be \leq 8 X 10 ⁻⁸ emu at \pm 7T			
Fast sweeping mode measurements at $\geq 2~\text{K}$ per minute along with thermal stability of the system in a multi user environment			Vendor must provide measurement and Log data files in support Provided: Yes/No
Should be capable of operating over the temperature range from 1.8 K to 400 K in one single measurement sequence			
System should be able to faster measurement with oscillating frequency \geq 2Hz			_

F. Sample rotator:

	Specification	Mark Yes/No along with exact values in cases where numerical compliance are claimed. Any other details may be provided	Provide the corresponding page number of the manufacturer catalogue/broc hure	Mandatory Supporting information to be provided (Mark Yes/No where asked)
1	Temperature range from 1.8 K to 400 K			

2	Rotation Range must cover full 360° allowing fully automated system software controlled sample measurements as a function of angle.	Angle dependent data measured at 1.8 K and 400 K should be provided in support along with log data file.
		Provided: Yes/No
3	Must be compatible with DC Scan & AC Susceptibility measurements.	
4	Angular Step Size should be 0.1° or better	

G. AC Susceptibility

	Specification	Mark Yes/No along with exact values in cases where numerical compliance are claimed. Any other details may be provided	Provide the corresponding page number of the manufacturer catalogue/brochure	Mandatory Supporting information to be provided (Mark Yes/No where asked)
1	Frequency (f) range: 0.1 Hz $\leq f \geq$ 1Hz or better			
2	Peak AC amplitude h_0 : 0.1 Oe $\leq h_0 \geq$ 10 Oe or better			
3	Sensitivity: at least 5 x 10-8 emu over the entire field range			Supporting data along with data files should be provided.

			Provided Yes/No
4	Temperature Range: 1.8 K to 400 K		AC Measurement data from 1.8 K to 400 K along with data files should be provided. Provided
			Yes/No

H. Other Requirements:

	Specification	Mark Yes/No	Provide the corresponding page number of the manufacturer catalogue/brochure	Mandatory Supporting information to be provided (Mark Yes/No where asked)
1.	System must support DC, fast measurement mode/VSM mode and AC Susceptibility measurement modes on a single hardware platform. Measurement mode should be automatically switched through software sequences allowing DC, VSM and AC Susceptibility measurement on same sample in a single sample mounting arrangement without need of breaking sample environment.			Supporting measurement data and log files to be provided. Provided: Yes/No
2	Vendor must provide appropriate water cooled chiller			
3	State-of-the-art computer system for data acquisition to be provided			

I. Other important Points

- 1. Only the reputed manufacturer will be considered. At least five Cryogen-Free SQUID based measurement systems **having matching or better specifications** should have been installed by the manufacturer for demonstrating of proven capability out of which **one must have been installed successfully in India**. A user list of SQUID based measurement systems to be provided.
- 2. Vendor should be ready to demonstrate all mentioned specification in similar Cryogen-free system if asked by the user anywhere in India within two weeks of such notice. Travel expenses should be borne by the vendor.
- 3. To support proven measurement capabilities, vendor must provide at least two publications in reputed international journal for each of the following measurements using cryogen free SQUID based system for:
- (a) DC Mode measurement data for 1.8 K to 400 K
- (b) Angle dependent measurements using sample rotator
- (c) AC Susceptibility data for 1.8 K to 400 K
- 4. The supporting data and data files must be send within the due date at purchase@inst.ac.in.
- 5. Vendor should provide the details of the standard samples to be supplied to us for testing the instruments at the time of installation at the site for the demonstration of the performance of equipment. A standard low saturation moment (≤ 0.1 emu) sample of spherical/cylindrical shape must also be provided for calibration of the measured magnetic moment.
- 6. Set of consumables or/and spares for trouble free operation for one years should be provided.
- 7. Installation and adequate Training should be carried out by the qualified service engineers at user site. Vendor must furnish the details of the service engineers based in India to ensure quick and regular support.
- 8. Pre-installation site preparation requirements to be indicated and specified along with the bid.
- 9. Comprehensive compliance statement in line with each and every technical specification in the tender document should be provided as mentioned in the technical proforma. All the claims should be duly supported by the manufacturer's literature or verifiable documents. Any other claim will not be accepted and may lead to rejection of the bid.
